# FABRE Executive Chair

Zenith

## Features:

Introducing the Fabre executive chair, designed to elevate comfort and style in any meeting room.

Crafted with innovation in mind, the Fabre boasts features tailored to enhance the user experience. Its auto-adjust locking feature adapts to the user's weight, ensuring optimal support during extended meetings. Additionally, posture-supporting functions promote proper alignment and reduce strain on the body. Customizable recline tension adds to its comfort and versatility.

With a slim silhouette and streamlined curve design, the Fabre exudes sophistication while maximising space efficiency. The chair's ring-shaped casters achieve unparalleled lightness without compromising durability. Whether for brainstorming sessions or boardroom discussions, the Fabre executive chair offers functionality and elegance for any modern meeting room.
