# NIDO Lounge Armchair Zenith

## Features:

Nido is the Spanish word for nest which means home to a number of species creating the lounge armchair. The seat or "nest" is supported by a hand-crafted wooden frame. The Nido family of chairs is a warm and cozy refuge for everyone.

The upholstery is available in two versions: with a zip or with piping. The version with a zip is soft and loose and enables the seating area to be removed. However, the version with piping is fixed and pulled tight.

Made in Spain.

## Options:
