---

**What determines  
the shape of a chair?  
You do — the sitter.  
You need a chair that  
responds to the way  
you sit and move,  
whatever you are doing.**

---

Be Se

eated.

---

# Sitting doesn't have to be a static state.

## **Open to collaboration**

Beside encourages collaboration, with a responsive open design that supports multiple postures and a diversity of people in shared, team and large group environments.

## **Fidget to Focus**

Recognising that we fidget – from tapping our feet to twirling our pens – to keep us alert and engaged, Formway Design created Beside form and function that encourages natural movement, allowing us to focus, interact and communicate more effectively.

## Features

### Open design for 270° sitting

- Full, curved back allows for upper body movement and supports the lower back for upright, interactive postures
- Gently contoured seat with rounded corners lets you shift positions easily
- Cantilevered arms feature contoured arm pads to lean against when side sitting

### Unique hybrid chair design combines comfort and mobility

- A buoyant, cantilevered form meets a 4-leg construction with the option of castors
- The dynamic seat structure creates an active ride for enhanced performance

### Rolled top edge for ease-of-use

- An armrest for side sitting
- A handle for easy transport

### Passive flex encourages natural movement

- Flexing shell promotes comfort and movement
- Perforated back provides airflow

### Stackable

- Stacking chair stacks 6 high on the floor, or up to 10 high on a dolly

## Care & Maintenance

---

**Fabric – regular cleaning**  
Protect from direct sunlight.  
Vacuum regularly

**Fabric - spot cleaning**  
Seek advice from the fabric supplier.  
Treat spills as soon as possible.  
Gently remove soil and liquid from fabric.  
Do not scrub. Do not wash. Do not bleach.  
Dry in the shade. Dry clean. Do not wet filling.

**Leather –**  
Protect from direct sunlight  
Keep free of dust and grit.  
Use leather care products only.  
Do not use harsh chemicals or unidentified cleaners.  
Use leather protection cream 3-4 times a year.

**Plastic –**  
Use a damp cloth and mild cleaning product.  
Dry with a soft cloth.  
Do not use abrasive cleaning agents or cloths.

## Be sustainable

With its lightweight, inventive use of materials to deliver performance, Beside is sustainably designed.

The Beside chair is material efficient, achieving high performance levels whilst minimising material types and part count.

Beside is designed for an extended product life, with a durable, modular construction that enables refurbishment. Beside is easy to disassemble and compatible polymers are grouped to enable recycling.

Beside is designed to meet the stringent requirements of the Australasian Furnishing Research and Development Institute's (AFRDI) Blue Tick standard, Good Environmental Choice Australia and Environmental Choice New Zealand.

Beside contributes toward the Green Star Office interiors assessment.

Internationally the chair is GREENGUARD Children & Schools certified for low-emitting materials and GREENGUARD Indoor Air Certified. Beside has achieved a Sustainable Gold rating under the SMaRT Sustainable Product Standard.
